PROMISES

Burglary-We are still conducting high visibility patrols on the ward, as well as handing our crime prevention and security advice. Please make sure windows and doors are locked when leaving your homes. I will be sending out security advice via email.

Anti-social behaviour by Youths - We are still experiencing a problem with youths on the ward in certain areas. We are still monitoring this. We have increased our high visibility patrols and also given residents our contact details to update us with further information.

Apologies for having to cancel several street briefings lately, but we have been abstracted to other more urgent matters. We do, if possible let you know ASAP, but sometimes this isn't possible. If you have any problems that you would like to talk to us about, our email address, phone number, Twitter and Facebook details are on this Newsletter for your reference.

We still have not been officially told who our new sergeant is, but we will update you all as soon as we are told.

UPDATES

- Addiscombe Safer neighbourhood team have now joined the new world of technology and actually have their own Facebook and Twitter page. We try to update Twitter throughout the shift with useful security advice and ward pictures. Please follow us **Twitter @MPSAddiscombe** and also **Facebook Addiscombe police**.

- Addiscombe Safer neighbourhood team executed two separate warrants.

The first was a misuse of drugs warrant. Where the drugs were intercepted by the UKBA (United Kingdom Border Agencies) the warrant went ahead and nothing was found. The male who we were looking for no longer lived at the address and had moved out a few weeks earlier.

The second warrant was granted for information received about possible firearms and drugs. This was successfully executed and residents dealt with accordingly.

- PC Kendall has now left our team and has joined the response team world, where he can now drive about on blue flashing lights to his heart's content.
- PC Maria Efstathiou has taken PC Kendall's place on the team, she has come from the response team and is looking forward to getting to know our residents and assist with problem solving.
- Please have a look at the new Metropolitan Police webpage <https://beta.met.police.uk/>
This is an easier way for members of the public to self-report crimes, find their local safer neighbourhood teams and also to see the crime trends on your wards. But also it now gives you the opportunity to tell us what is going on. It is a lot more user friendly and easier to work your way around and find out all the security advice, who is in your local policing team and local events etc.
